Nurses and Therapists

Home Health provides skilled nursing and therapy visits to patients in their homes. These services are covered by Medicare and most private insurances. Home Health is ordered by a physician after a hospital stay or a doctor's appointment as a means to return the patient to their optimal level of health and independence.

Home Health Care Services Include:

- Cardiac Care / Rehab
- Diabetes Care
- Fall Risk Management
- Wound Care
- Post-Surgical Care
- Physical Therapy
- Occupational Therapy
- Speech Therapy
- Social Services

Private Duty Nursing Services

Private Duty Nursing Services are for patients with advanced needs, requiring longer blocks, or shifts, of nursing care.

Private Duty Nursing is also available for pediatric patients with special needs or disabilities. Services are customized through a thorough patient-centered care planning process, involving patients, families, physicians and the care team.

*Services from 1 to 24 hours per day
Provided by Nurses and Aides*

Tele-Health

Medical Alert Button: Our medical alert buttons connect to a phone line and can dial a family member and/or 911 in an emergency. Emergency buttons can be worn around the neck or wrist.

Medication Reminder Assistant: Dispenses doses of medications at pre-programmed times. With 24/7 monitoring, emergency contacts are immediately notified of missed doses.

Durable Medical Equipment

Our DME (Durable Medical Equipment) company is dedicated to providing the equipment you need to remain safely in your home. Let our friendly staff assist you with the documentation you need from your doctor and work with your insurances to guarantee the fastest results. FREE delivery, set-up, and instruction is provided by our trained staff to ensure your safety and ease of use. We are also on-call 24/7 to provide emergency services and peace of mind.
